

TITLE PAGE

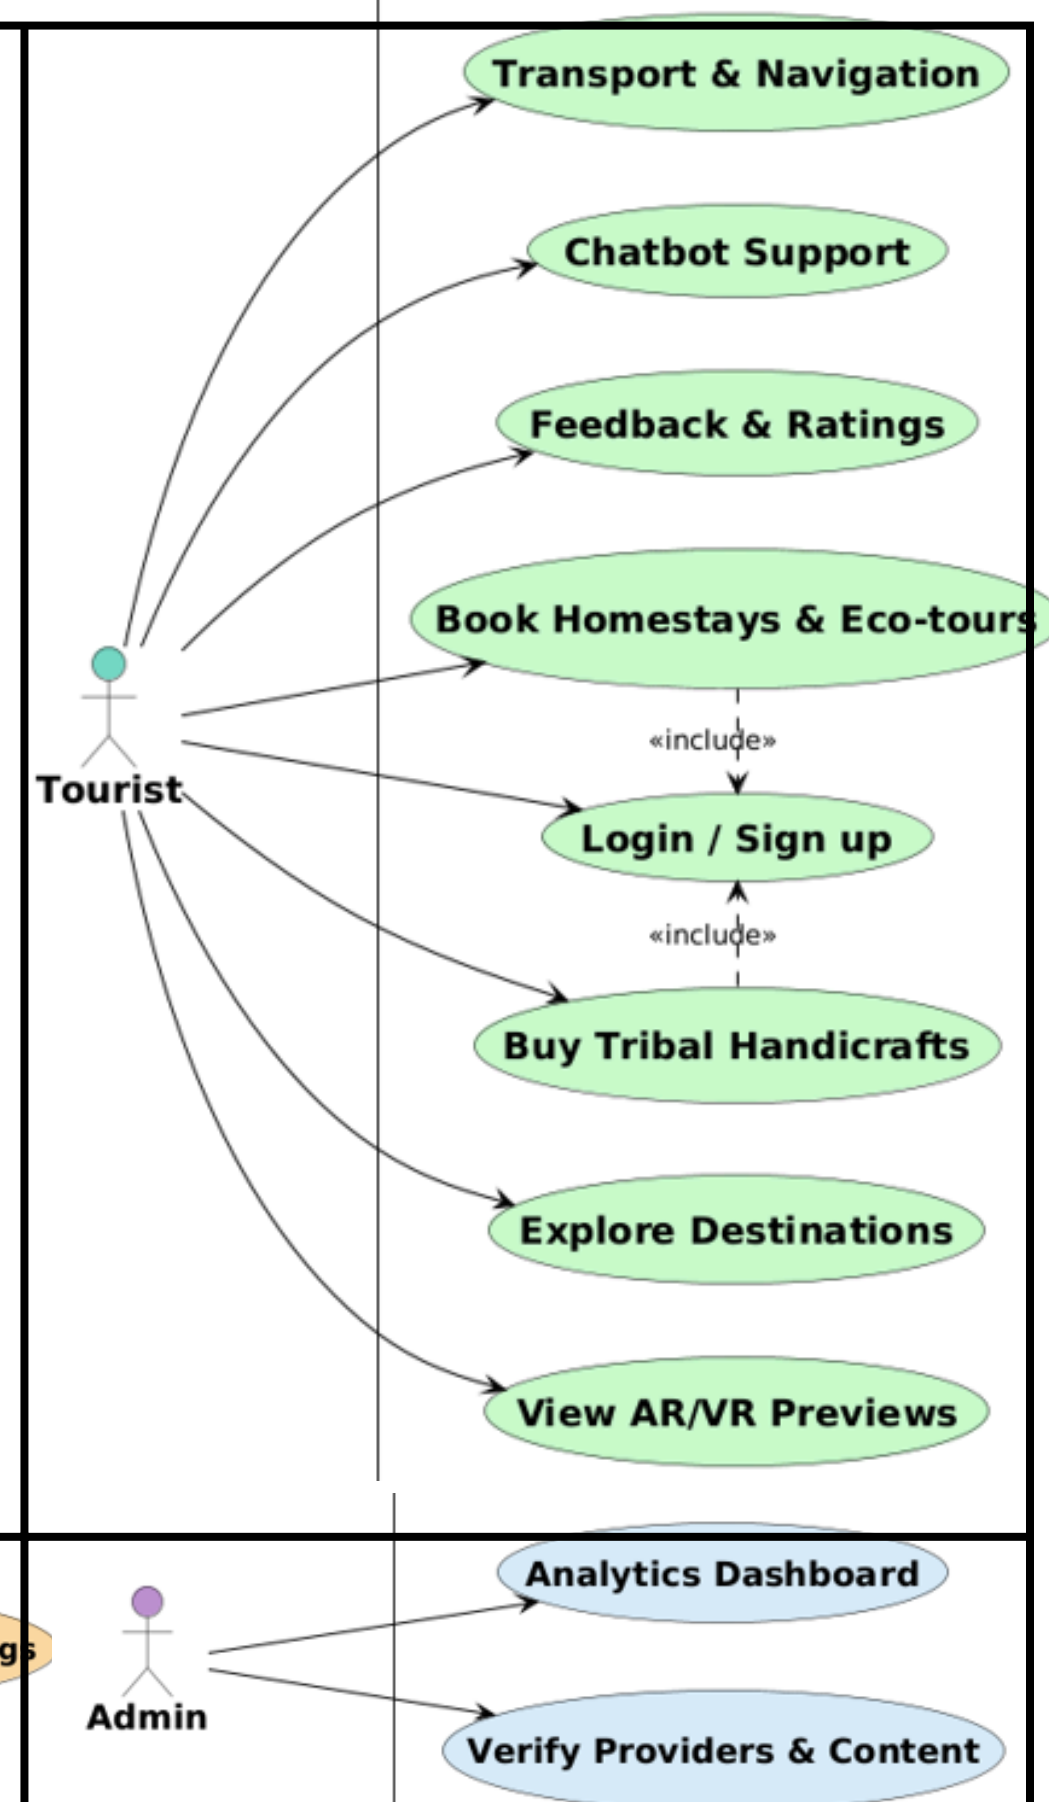

- # Digital Platform to Tourism in Jharkhand
- 
- The logo consists of a large, light gray hexagon. Inside the hexagon, there is a stylized brain. The left half of the brain is orange and filled with white circuitry patterns. The right half is green and filled with white binary code (0s and 1s). Below the brain, the letters 'SIH' are written in a bold, dark gray font. The entire logo is set against a background of several overlapping hexagons in shades of gray.

Tourism in Jharkhand is rich with natural beauty, tribal heritage, and eco-friendly attractions, yet visitors face significant challenges in finding authentic information, booking services, and connecting with local communities

- Develop an AI-powered platform (mobile app) for eco & cultural trip planning.
- Provide real-time navigation & transport info with interactive maps and alerts.
- Offer AR/VR previews of attractions .
- Build an integrated marketplace for homestays, eco-tours, workshops, and handicrafts.
- Enable secure payments & verified listings using blockchain certificates.
- Include an AI-driven multilingual chatbot .
- Add feedback & sentiment analysis tools to improve services.
- Provide an analytics dashboard for tourism authorities to monitor trends and sustainability.

Uniqueness

- AI-powered Personalized Itineraries
- Focus on Tribal & Eco Tourism
- Blockchain-secured Payments & Verification
- Local Community Integration
- Multi-format Content Delivery – Maps, AR/VR previews, text, audio, and video guides.

TECHNICAL APPROACH

- Technologies to be used (e.g. programming languages, frameworks, hardware)
- Methodology and process for implementation (Flow Charts/Images/ working prototype)
-

FEASIBILITY ANALYSIS

- **Technology:** Maps, AI, AR/VR, and blockchain can be integrated using cloud services and APIs.
- **Operational:** Tourists and providers access via app or kiosks; needs periodic updates and support.
- **Economic:** Setup costs for app, servers; revenue from bookings, marketplace, and ads.

CHALLENGES

- **Live Data:** Managing transport, AR, and booking info in real time.
- **AI Quality:** Keeping recommendations accurate and useful.
- **Adoption:** Training rural providers and tourists to use the platform.
- **Connectivity:** Weak networks in forests and tribal areas.

Strategies for Overcoming Challenges

- **Technical:** Use modular design, offline maps/AR, and pre-trained AI for better performance.
- **Operational:** Secure data-sharing with transport, set up helpdesk, and work with state tourism boards.
- **Continuous Improvement:** Gather feedback, track payments, and update AI with new data.

Potential impact on the target audience

- **Better Travel Experience:** AI itineraries, AR/VR previews, and live navigation make trips smooth and fun.
- **Support for Local Communities:** Artisans, homestays, and guides gain visibility and income.
- **Smarter Management:** Analytics help officials track visitors, revenue, and sustainability.
- **More Accessible Tourism:** Multilingual app enable use by rural and differently-abled travelers.
- **Preserved Heritage:** Promotes tribal art, festivals, and eco-sites, boosting pride and awareness.

Benefits of the solutions

- **Social Impact:** Encourages community engagement and preserves tribal identity.
- **Economic Growth:** Increases local employment through homestays, guides, and handicraft sales.
- **Environmental Care:** Supports responsible tourism, reducing waste and conserving natural sites.
- **Skills & Innovation:** Helps locals adopt digital tools, improve hospitality, and market their products.
- **Service Quality:** Continuous monitoring and feedback ensure better tourist experiences.

IMPORTANT INSTRUCTIONS

Please ensure below pointers are met while submitting the Idea PPT:

1. Kindly keep the maximum slides limit up to six **(6)**. (Including the title slide)
2. Try to avoid paragraphs and post your idea in points /diagrams / Infographics /pictures
3. Keep your explanation precise and easy to understand
4. Idea should be unique and novel.
5. You can only use provided template for making the PPT without changing the idea details pointers (mentioned in previous slides).
6. You need to save the file in PDF and upload the same on portal. No PPT, Word Doc or any other format will be supported.

Note - You can delete this slide (Important Pointers) when you upload the details of your idea on SIH portal.
